

AHHS counselors have entered all course requests received prior to the March 12th due date. We would like to now encourage students and parents view course selection entries in FOCUS to ensure accuracy.

While logged in to FOCUS, select “**Course Requests**” on the left-hand side. Click, “**Switch to 2021-2022**” to view next year’s requested courses to be scheduled. Be sure the school referenced in the upper right corner is Arlington Heights High School. **The information contained in this message only pertains to AHHS.**

NOT SURE WHAT THE LISTED COURSE IS? Scroll all the way down below my signature in this message to view common freshman-level courses that may not be easily recognized by their abbreviations.

If you are happy with the requests, there is no need to do anything!

Next Step Be sure to [join the Class of 2025 Remind](#) if you have not already done so! All future communication will occur there.

NEED TO MAKE CHANGES?

- If course requests were submitted and changes are needed, please email your assigned freshman counselor (see below) and explain the desired change(s).
- If course requests **were not** submitted, course selections were made on behalf of the student. If the courses that we selected are not satisfactory, please **DO NOT** send an email requesting changes. Instead, please visit <https://ahhs-fwisd.wixsite.com/ahhs-counseling/2021-2022-course-selections> and click "2021-2022 Course Requests - Incoming Freshmen" to complete our course request form. We will need your input for 2021-2022 scheduling as well as future reference for progression planning. You will be contacted confirming the course changes sometime after your requests are submitted as requested.

If we do not hear from you, we assume you are satisfied, and no adjustments are needed.

IMPORTANT NOTE TO STUDENTS WHO REQUESTED CHEMISTRY AND/OR ALGEBRA 2:

The following revisions to our advanced academics course offerings were made after the course selection form was published:

- **Honors Chemistry will not be offered.** All requests for Honors Chemistry were moved to **OnRamps Chemistry**. Learn more about UT’s Dual Credit OnRamps Chemistry course [HERE](#). If you would prefer a less rigorous course, please email your assigned counselor to request a change to on-level Chemistry.
- **We will now offer both Honors Algebra 2 and OnRamps Algebra 2.** The OnRamps option was not included in the course request form. All requests for Honors Algebra 2 were moved to **OnRamps Algebra 2** to ensure that every student received the OnRamps opportunity. Learn more about UT’s Dual Credit OnRamps Algebra 2 [HERE](#). If you would prefer a change back to Honors Algebra 2, please email your assigned counselor.
